Nominal length:

11.000 inches

Product Name:

Fixture, air flow-stg 1

Nominal width:

5.000 inches

Nominal height:

5.000 inches

Functional Description:

Is used to check airflow of the blade iaw.Repair document

Reference Data And Literature:

Tf39; serd no.6464

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505c0
