End Application:

E/i: tf39

Nominallength:

2.190 inches

Product Name:

Fixture, grit blast-npt rotor blade stage 2.

Nominalwidth:

2.740 inches

Nominalheight:

1.130 inches

Special Features:

Mat: urethane

Functional Description:

To protect stage2 trail during grit blasting process

Reference Data And Literature:

Serd no.6469

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505c0
