End Application:

E/i: tf39

Nominallength:

2.125 inches

Product Name:

Holding fixture, grit blast-blade hpt rotor stage 1 trail

Nominalwidth:

2.750 inches

Nominalheight:

1.250 inches

Special Features:

Material: urethane

Functional Description:

To protect stage1 trail during grit blasting process

Reference Data And Literature:

Serd no.6470

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A505c0
