End Application:

F100-pw-100/200/220/220e engines

Nominal length:

10.500 inches

Product Name:

Holder, grooving tool and bearing seal support

Nominal width:

1.210 inches

Nominal height:

1.188 inches

Special Features:

Imfg name - holder, engine maintenance, material- carbide steel hardened to rockwell c 40-48, c/o pwa72885-1 tool holder, pwa72885-2 clamp, pwa72885-4 groove insert, ms24669-41 flat head socket cap screw

Functional Description:

Holding fixture for grooving tool- used on f-100 pw engines

Reference Data And Literature:

Dwg77445pwa72885

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
