Overall Length:

120.000 inches

Overall Height:

78.000 inches

Overall Width:

66.000 inches

End Application:

F100-pw-100/200/220/220e/229

Functional Description:

Used to test flow against pressure as per task 315-73 in reference to t.O.6j28-2-3

Reference Data And Literature:

Serd 9562; 6j28-2-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
