End Application:

F-15 and other fixed wing aircraft

Nominallength:

166.0 millimeters

Product Name:

Alignment fixture assembly

Nominalwidth:

110.0 millimeters

Nominalheight:

910.0 millimeters

Special Features:

Chemical conversion coating (iridite yellow) per mil-c-5541 class b

Reference Data And Literature:

Elbit drawing 39564900m

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A505c0
