**End Application:**

F100-pw-100/200/220/220e

**Criticality Code Justification:**

Feat

**Product Name:**

Company item name-mask, grit blast/plasma spray

**Special Features:**

Critical to engine repair; 8 in. Dia. Weight is one pound

**Functional Description:**

Used during plasma spray repair of 3rd stage turbine air sealing ring (p/n 4066128) diameters a and b

**Reference Data And Literature:**

T.O. 2j-f00-13-9; serd no. A0004

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
