Overall Length:

8.000 inches

Overall Height:

3.000 inches

Overall Width:

6.000 inches

End Application:

F100-pw-100/200/220/220e/229 eng

Criticality Code Justification:

Ftld

Product Name:

Adapter-no. 1 brg compartment vacuum check

Special Features:

Req name adapter, tube, stainlesssteel tubing w/ 90 degrees swivel to attach to no. 1 bearing oil scavenge line an adapter is on the opposite end which mates to cart and pressure sensing port

Functional Description:

Pwa56651 is used to connect the vacuum flow test cart - pwa50003- to the no. 1 bearing oil scavenge tube for vacuum testing of the bearing carbon seal

Material:

Stainless steel

Supplementary Features:

Pwa56651 supersedes pwa 52748 for future procurement

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
