Overall Length:

15.000 inches

Overall Width:

7.830 inches

End Application:

Av8-b; holding fixture niin 01-541-0993

Special Features:

Thickness is .250 stock, numerous drilled hole locations with different thread series; .213, .437, .136, .209, .312, .377; and two slots .515 x .141 thru. For additional specifications-details see dwg. Num. 18d4640.

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
