Overall Height:

2.500 inches

Overall Width:

1.500 inches

End Application:

Av8-b; holding fixture niin 01-51-0993

Product Name:

Bracket ground plug

Special Features:

Material thickness is .125 aluminum sheet, 5052-h32 per qq-a-250/8, .580 dia. Drilled through hole centered in the 1.50 squared area, see dwg, for additional specifications.

Special Markings:

Rubber stamp or stencil white .25 inch high characters the mfg code iaw mil-std-130 coat markings with type 1 clear coat per mil-prf-81352

Material:

Aluminum alloy

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Mil-std (military Standard):

Mil-std-130 spec.
