End Application:

Cf6080c2l1f engine; c-5 aircraft

Criticality Code Justification:

Feat

Product Name:

Closure, pressure check-fuel drain manifold

Special Features:

C/o a hose with two swage fittings, one secured to each end, elbow swivel nut, relief valve, gage and connector; dim's are 14 x 12 x 6; weight is 6 pounds; crit to c-5 aircraft

Functional Description:

Used during checking the engine fuel manifold for leaks

Reference Data And Literature:

Serd no. 03-01-0099

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A537k0
