End Application:

F-16 sst aircraft

Test Item Connection Method:

Connector

Criticality Code Justification:

Agav

Product Name:

Adapter assembly, centerline pylon interface (w51)

Special Features:

Solder may be silver or platinum; atp no. Q00005

Precious Material And Location:

Pins gold and solder silver

Precious Material And Weight:

0.001 gold grams and 0.001 silver grams

Precious Material:

Gold and silver

Reference Data And Literature:

Drawing 94117 8389756

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A537k0
