End Application:

Multi-aircraft

Product Name:

Bonder, single, ex-prf

Functional Classification:

Gg-6.0

Special Features:

Single zone; explosion proof; autoswitching 110/220vac 50/60hz 15 or 20 amps

Functional Description:

Used to heat/vacuum cure composite materials during repair

Entry Date:

07-10-04

Supplementary Features:

21 x 14 x 8in case; 45lbs; automatic alarms for various conditions; dwell temperature 500deg f max

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23800
