Mounting Type:

Bench

End Application:

Next higher assembly 195a601 & 195a633

Portability:

Portable

Functional Classification:

Aa-8.4

Special Features:

High mobility precision pressure transfer standard modified from kollsman 48700-101

Functional Description:

Used with 195a830-1 as a precision pressure transfer standard

Entry Date:

08-02-08

Reference Data And Literature:

Altered item dwg 195a830

Supplementary Features:

21.45l x 16.77w x 11.75in h; 2 end covers w/2 hinged handles; approx 44lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T179-x
