**End Application:**

F15c/d/e f16c/d aircraft

**Product Name:**

Common multi-platform boresight system (cmbs)

**Special Features:**

Portable; multi-cases

**Functional Description:**

Computer based multiplatform boresight system used to verify and calibrate critical weapon systems using existing fixtures, tools, and test equipment

**Reference Data And Literature:**

Pd08wrgbgbeb14

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23800
