Product Name:

Adts 403 druck air data test system

Special Features:

Designed for 483mm rack mounting 178mm high with a range of ieee 488 interfaces available. Keypad control, ate systems compatible.

Weight 13kg. 483mm x 432mm x 178mm. Calibrated: 5 to 35 degree c. Operating 0 to 50 degree c. Storage minus 20 to 81 degree c.

Pneumatic connections static: an-4 37 de gree flare. Pitot: an-4 37 degree flare. Ac power lead 2m length 6 ft. Negilgible calibration change with up to 1.25 x full scale overload applied

Functional Description:

Testing of altimeters, airspeed indicators, rate of climb indicators. Mach meters and air speed computer

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T179-x
