**End Application:**

A/m37t-21d engine test stand

**Product Name:**

Electric throttle controller

**Special Features:**

Can only be used in control cab serial numbers 200605028 and later with systems that have endas installed

**Functional Description:**

Used to control throttle actuator during engine test

**Reference Data And Literature:**

To 33d4-6-394-23

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
