End Application:

A/m37t-21d engine test stand

Product Name:

Electric throttle controller

Special Features:

Can only be used in control cab serial numbers 200605028 and later with systems that have endas installed

Functional Description:

Used to control throttle actuator during engine test

Reference Data And Literature:

To 33d4-6-394-23

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
