End Application:

F-16a/b/c/d

Product Name:

Test data extractor unit support kit

Special Features:

Consists of laptop communication power adapter ay15815820, lcpa external charger ay15815809, 110vac power cord wa00077, usp cable wa00076

Functional Description:

Used to provide power and assist in testing of the advanced brake controller anti-skid brake system

Reference Data And Literature:

Serd 24512

Relationship To Similar Equipment:

REPL-AC-EME-NTFO

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23800
