Aircraft Engine Test Set - Page 1 of 1

Fiig: T228-a

View Online at https://aerobasegroup.com/nsn/4920-01-588-0515

End Application:	
F100/200/220 engine	
Product Name:	
Power module	
Special Features:	
Provides full testing ability forspark gaps and storage capacitors; additional capability of	of performing insulation tests for high voltage ignition
leads through its 30kvdc power supply	
Shelf Life:	
N/a	
Unit Of Measure:	
Demilitarization:	
Yes - demil/mli
