| End Application:                      |
|---------------------------------------|
| Turbo prop engine                     |
| Electrical Power Source Relationship: |
| Alternate operating                   |
| Inclosure Feature:                    |
| Single item w/housing                 |
| Test Type For Which Designed:         |
| Ignition spark ingitors               |
| Product Name:                         |
| Multiload module                      |
| Shelf Life:                           |
| N/a                                   |
| Unit Of Measure:                      |
|                                       |
| Demilitarization:                     |
| Yes - demil/mli                       |
