Overall Length:

16.25 inches

Overall Height:

22.9 inches

Overall Width:

8.0 inches

Product Name:

Ita prox sw ele

Functional Description:

Provides electrical paths for stimulus and measurement signals between advanced digital test station and unit under test

Reference Data And Literature:

Serd41b73c0192

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A537k0
