End Application:

Slz8140-14 integrated multi-function probe (imfp)

Nominallength:

4.5 inches

Product Name:

Wind tunnel port 5 probe positioning fixture

Nominalwidth:

4.6 inches

Nominalheight:

1.7 inches

Special Features:

T/a-50

Functional Description:

Fixture in wind tunnel to hold eut

Reference Data And Literature:

Tech manual and ipb for imfp

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
