End Application:

Hydraulic systems & instruments

Product Name:

Instrument verification set

Supplementary Features:

20.62"x16.87"x8.12"; weight: 34lbs; op temp range: 32 to 122 degrees f; verification and diagnostic measuring tool covering flow, pressure and temperature of hydraulic systems and instruments

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T228-a
