| Product Name: | | | | | |
|----------------------------------------|----------------------------|-------------------|------------------------|---------------------|---------|
| Automated air data test set | | | | | |
| Functional Description: | | | | | |
| Used to test and calibrate altimeters, | air speed/mach indicators, | climb indicators, | flight data recorders, | air data computers, | and epr |
| indicators | | | | | |
| Type/model Designation: | | | | | |
| 6580 | | | | | |
| Shelf Life: | | | | | |
| N/a | | | | | |
| Unit Of Measure: | | | | | |
| | | | | | |
| Demilitarization: | | | | | |
| No | | | | | |
| Fiig: | | | | | |
