End Application:

Hold down (cable) test bed t56 engine qec turboprop engine test system

Specific Usage Design:

Tie down connection

Product Name:

Pad eye

Nominalwidth:

1.25 inches

Nominalheight:

3.00 inches

Special Features:

Plate markings per mil-std-130

Functional Description:

Attachment fitting for tie down cable

Reference Data And Literature:

Drawing 803as611

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

A505c0
