End Application:

Lgm-30f/g rocket motor sr19-aj-1

Product Name:

Stand, maintenance

Special Features:

To name: stand, maintenance, rocket motor

Functional Description:

Used to support rocket motor during radiographic inspection, optical alignment check, and repair operations where rotation of rocket motor is desired

Reference Data And Literature:

To 2k-sr19-3

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
