End Application:

Electronic command programmer mx-9649/gjm

Product Name:

Pump and hose assembly

Special Features:

Hand operated hydraulic pump for testing wing actuators pn 876413-1/-2, using mil-h-5606 fluid, consists of 1eacoupling half p/n 802880-3, 1ea bushingp/n an912-2d, 1ea hose assembly p/n535876-2, 1ea pump p/n 533435-3

Reference Data And Literature:

11k10-2-7

General Description:

1 threaded female inlet connection, 1 outlet connection 0.250-20 npt thread size, hose is included

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A23900
