General Description:

Pmatl 0.375 x 1.50 cres rect bar, class-304, condition a, qq-s-763c; elbow shaped with 2 0.250 holes in longer lgth, one hole 0.250 in. From 1st end and 2nd hole 1.900 from center to center; elbow extends 1.100 in. From bendon outside edge which is 50 deg. From a line passing through cntr of holes to inside edge of elbow; from cntr 1st hole to start of bend on outside edge is 2.380 in.; 1st end is 0.500 in. Hgh and elbow is 0.380 in hgh; passivate per qq-p-35, type i, method 2

Fsc Application Data:

Wing actuator, hydraulic

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
