**End Application:**

Infrared test set cagec 30595 p/n 311090-1

**Product Name:**

Motor control, module

**Special Features:**

C/o motor control bracket p/n 311061-1, pcb p/n 311065-1, power transformer p/n sp1039 and other misc items

**Functional Description:**

Drives a video target for target simulator; can be used in testing and/or training

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli
