Control Valve:

Provided

Lubricant Hose:

Included

Special Features:

To name: tool, penetrating oil high pressure turbine coupling bolt; tf-39 engine age

Functional Description:

Injects penetrating oil under pressure where the hpctr coupling nut engages the hp rotor

Reference Data And Literature:

To 2j-tf39-4

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T293-k
