Screw Thread Series Designator:
Npt
Oil Capacity:
10.000 fluid ounces
Assembly Clearance Radius:
1.625 inches
Thready Qty Per Inch (tpi):
14
Thread Size:
0.500 inches
Height:
7.812 inches
Material:
Copper alloy or glass
Style Designator:
Straight, regulated, w/ shut-off and sight feed
Specification Or Standard:
F type
Departure From Cited Document:
As modified by material and oil capacity
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
A14800
