**Connection Thread Size And Series/type Designator:**

1.125-27 nptf

**Basic Material:**

Steel

**Design Type:**

Straight

**Connection Thread Location:**

Internal

**Swivel:**

Not included

**Dispensing End Type:**

Nozzle

**Inlet Fitting Connection Type:**

Hydraulic

**Nozzle Connection Type:**

Hydraulic

**Maximum Working Pressure:**

10000.0 pounds per square inch

**Extensionlength:**

Between 12.000 inches and 14.000 inches

**Extension Design:**

Included

**Flexibility:**

Flexible

**Surface Treatment:**

Any acceptable

**Specification Or Standard:**

4 type and 1 class and b size

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T293-n
