Maximum Operating Pressure:

275.000 pounds per square inch

Overall Length:

50.630 inches

Overall Diameter:

8.250 inches

Bleeder Opening:

Included

Special Features:

Port is a 150 lb ansi raised face flange

Material:

Rubber, synthetic

Material:

Rubber synthetic

Shape:

Cylindrical

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T164-c
