Drive Type:

Compressed air

Reservoir Capacity:

2.667 ounces

Feed Quantity:

1

Reservoir Type:

Single

Surface Treatment:

Zinc

Supplementary Features:

Ahas metal reservoir w/drain & sight glass; recommended flow range; 1.5 to 20 scfm; accessories: wall mtg brackets 3783-52; pyrex aluminum sight feed dome; standard aluminum fill plug; quick fill cap

Surface Treatment:

Zinc coated

Fsc Application Data:

F-15e aircraft age.

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T293-d
