Overall Height:

227.0 millimeters

Overall Width:

Between 70.0 millimeters and 74.0 millimeters

Filtration Rating In Microns:

5.0 absolute

Maximum Operating Temp:

60.0 degrees celsius

Maximum Inlet Pressure Rating:

9.9 kilograms per square centimeter

End Application:

Strategic sealift conversion ships class

Bowl Material:

Aluminum

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A519w0
