Body Material:

Aluminum alloy

Integral Strainer:

Included

Design Type:

Pistol grip self-closing

Inlet Thread Size:

1.000-11 1/2

Inlet Thread Series Designator:

Npt

Inlet Thread Location:

External

Tube Material:

Steel, stainless

Spout Type:

Rigid

Special Features:

Nozzle to be supplied with a 1 inch by 3/4 inch reducing bushing, right angle design, dust cap included, built in swivel, application ship aircraft carrier aer, aviation fuels support equipment aux

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T293-e
