Discharge Pressure:

3000.0 pounds per square inch gage

Structural Form:

Straight

Operation Method:

Lever

Capacity:

21.0 ounces

Priming Method:

Spring

Extension Type:

Rigid bent angle tube

Dispensing End Type:

Hydraulic coupler

Loader Fitting:

Not included

Special Features:

Aircraft, stratofortress b-52

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T293-b
