Operation Method:

Air

Pressure Rating:

300.0 pounds

Lubricant Hose:

Included

Developed Grease Pressure To Applied Air Pressure Ratio:

7 gpm

Product Name:

Company name mobile hydraulic oil dispenser

Special Features:

Height 54", width 38", length 75" and weight 1, 110 lbs

Functional Description:

A portable self-contained unit that supplies clean filtered fluid to an aircraft reservoir and to related ground support equipment

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T293-k
