End Application:

Centrifuge, non-heated oil test, q type 1-4; centrifuge k6--2-pt-nh

Product Name:

Inavy: centrifuge, laboratory; cage: non heated oil test centrifuge, 115v, 60hz

Voltage In Volts:

115.0

Special Features:

Uses 4 pear shaped tubes (4ml); maximum rcf: 1209; carousel diameter: 17.530 in; temperature: ambient to 200 degrees f/93 degrees c; temp readout: digital; set speed: 500 -2200 rpm; speed readout: 0-2200 rpm; automatic dynamic braking

Supplementary Features:

Net weight: 98 lbs

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T384-c
