End Application:

Fuels operational readiness capability equipment (force)

Product Name:

Jfd receipt capability (jfdrc)

Functional Classification:

Ee-2.5

Special Features:

Consists of 2 tricon containers containing: 4 500ft hose on reels, 3 25ft hoses, elking turntable, 10 12ft hoses, 5 25ft hoses, skid mount flowmeter, 3 skid mounted wye assembly, skid mounted pressure control valve assembly, injector outlet wye adapter

Functional Description:

Used to provide receipt capability for the system

Entry Date:

09-04-23

Reference Data And Literature:

To 37a9-3-5-61

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
