End Application:

Fuels operational readiness capability equipment (force) a/er-21

Product Name:

Jfdsc assembly, a/e32r-21 servicing capability

Functional Classification:

Ee.2.5

Special Features:

Consists of 4 tricon containers containing: 8 500ft reeled hoses, 38 butterfly valve assemblies, 40 12ft hoses, 20 20ft hoses, 2 250ft hoses

Functional Description:

Used to provide plumbing between various components of force system

Gross Weight:

30000.0 shipping container pounds

Entry Date:

09-04-23

Reference Data And Literature:

To 37a9-3-5-61

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No
