End Application:

Filter, fuel separator, pn 175/1000max10

Design Type:

Vertical

Output Capacity:

6.0 gallons per minute

Outlet Connection Size:

7/8 in

Product Name:

Marine turbine series fuel filter

Special Features:

Height is 22.0 in (nom); filter element rating is 2020 10 micron

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T384-b
