Body Material:

Aluminum

Integral Strainer:

Not included

Design Type:

Lever handle, manual control

Inlet Thread Size:

1-nptf

Inlet Thread Series Designator:

Nptf

Inlet Thread Location:

Internal

Tube Material:

Aluminum

Spout Type:

Rigid

Product Name:

Automatic nozzle

Special Features:

Automatic fuel shutoff when tank is full; hold open clip included; viton seals; steel lever; 3.0 lbs

Functional Description:

Used for light duty diesel fueling

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T293-e
