Operation Method:

Air

Lubricant Tank Capacity:

120.0 pounds

Lubricant Hose:

Included

Developed Grease Pressure To Applied Air Pressure Ratio:

Will dispense 45 ounces or 80 cubic inches of nlgi 0-2 grease per minute at 150 psi

Product Name:

High-pressure heavy-duty grease pump

Special Features:

Height: 43 1/8 in, base: 17 in square

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T293-k
