**End Application:**

Electro opt t/s tool kit

**General Description:**

5in. Aperture combines in an 18in. Instrument a 26 3/8in. Optical system; the short coupled design and the midsection eyepiece make it possible for one operator, while viewing through the eyepiece, to adjust on or more mirrors without help

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

Yes - demil/mli

**Fig:**

A23900
