Overall Length:

3.691 inches

Overall Diameter:

Between 1.747 inches and 1.759 inches

End Application:

Tool set and carrying case, armt subsys, hel, m6, m16, xm21

Special Features:

Part are: housing, one each, p/n 11686730; shaft, one each, p/n 11686729, thumbscrew, one each, p/n ms21317-29; retaining ring, two each, p/n ms16624-3050

Material:

Steel

General Description:

Part 11686730 is steel alloy, specification qq-s-624, 4140; part 11686729 is steel, carbon, specification qq-s-634, 1085

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
