Overall Length:

4.500 inches

Overall Height:

3.200 inches

Overall Width:

3.200 inches

End Application:

Ac-130 aircraft mk-44 gun

Type Designation:

Tlu-5/e49v

Test Item Connection Method:

Connector

Product Name:

Electrical checkout tool

Functional Description:

Breakout connector for performing an electrical checkout of the gun with an ohmmeter

Reference Data And Literature:

Serd s007

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

A537k0
