Overall Length:

37.500 inches

Overall Height:

5.900 inches

Overall Width:

3.000 inches

End Application:

Ac 130 aircraft mk44 gun

Model Number:

Tlu-15/e49v

Product Name:

Recoil spring compression tool

Special Features:

INTE-RC-HAN-GEAB

Functional Description:

Used to compress recoil mechanism ring springs without damage to recoil spring segments in stacking

Reference Data And Literature:

Serd s024

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

A23900
