End Application:

Missile Igm-30

Product Name:

Cube, optical

Functional Classification:

Aa-7.1

Functional Description:

Used as azimuth references for a c21q collimator set

Entry Date:

73-5-15

Reference Data And Literature:

Sidentification specification no. S-133-132-4-573, optical cube no 67620-707-1, autonetics interface document figure a 17940/17879/17878 ref no 20194-111, tool proofing for optical cube autonetics drawing number 67620-707 ref no aa0208-324

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli
